

Minneola Hospital Receives Donations to Buy a Vein Finder

Minneola Healthcare recently approved the purchase of an AccuVein vein finder. The AccuVein is a portable, hand held device that helps locate superficial veins using infrared light and projects the position of the vein on the skin surface directly above the vein. This purchase was made possible thanks to the generous donations of two local families; the Leila Leon family and the Nathan Pike family. This machine has already proven to be very beneficial to multiple departments in the facility including nursing, laboratory and radiology. We have also had several grateful patients as well! This picture below is the vein finder in actual use.

MHC participated in their Christmas Potluck on 12/21/18. They were feeling festive in their Christmas attire and even had some fun in the photo booth! A huge thank you to all who brought food and we had a great turn out!

Let's Talk About It

MHC Celebrates Christmas

The Minneola Healthcare employees got in the Christmas spirit by getting together to enjoy some 'Grinch Green Punch' and yummy Christmas sugar cookies. Two different games were played during the Christmas celebration; Christmas Tree Punch It and an Ugly Tie Contest.

Christmas tree punch it consisted of a tree decorated with plastic cups filled with goodies, covered with tissue paper. Each employee had a chance to punch through the tissue paper of the cup of their choice and received whatever goodie found inside.

Nichole Capers was the lucky winner of big prize of 2 hours paid time off. Dr. Conard was awarded the winner of the ugly tie contest. Many smiles were seen and lots of laughs were heard, just an overall great time.

Minneola Healthcare's mission is to deliver personalized, patient centered care in an atmosphere that promotes the healing process and enhances the quality of life for the communities we serve.

Jessica Shenk and Kayla LaBelle take on new Positions

Kayla LaBelle -(right)- My new position is the Marketing/PR manager. I will be doing the marketing and advertising for the Minneola Healthcare. I will also continue doing the payroll.

Jessica Shenk- (left) Many of you know Jessica from being greeted by her as the receptionist at the Minneola Clinic. Jessica has taken a new position as Account payable/ Account receivable Clerk. She will be handling all of the Accounts payable for the facility (invoices, issuing checks) and Accounts Receivable for the hospital side (payment plans, accessing patient balances for hospital.)

EMPLOYEE SPOTLIGHT

This is a new column started to spotlight our employees. The employee is chosen by random selection.

This month's Employee Spotlight is our very own Vena Harris!

Vena is our Human Resources Director. She was born in Liberal, KS, and moved to Minneola in 1978.

She has one daughter in Albuquerque, and a son that lives in Topeka. Vena says that she recently discovered that she has a love for flying and traveling.

She has been with Minneola Healthcare since January 1989, and says that what she loves most about what she does is the people she meets and interacts with, and talking to all of the different associates.

As the Human Resource Director, she oversees the application process, getting new employees scheduled, and even oversees all of our benefit enrollment.

If you see Vena around, be sure to say Hello, and thank her for all she does!

HOLIDAY FUN AT MHC

Every year the Minneola Healthcare staff wears an ugly sweater on one day right before Christmas. It's always fun to see what everyone wears.

Happy New Years to our Staff and Patients
