

Mammograms and DEXA Scans

The Mammogram and DEXA Scan (Bone Density Scan) bus will be at Minneola District Hospital Monday August 10th, 2020

To schedule your exam please call 620-885-4264.

Thank You for Choosing Minneola Healthcare!

Wednesday, August 12th

Minneola Healthcare uses this day to take time to reflect on the importance of patient care and our dedication to patient satisfaction. We strive to demonstrate that patients' needs go beyond the technical aspects of care to include compassion, empathy, and connection. Patient satisfaction is an everyday focus of those working here at Minneola Healthcare, but there is a special focus on it this day.

Let's Talk About It!

Minneola LTCU Receives Zero Deficiencies During Recent Survey

The LTCU recently had an infection control focused survey conducted by KDADS (Kansas Department of Aging and Disability Services). CMS required each state to perform an infection control survey on every long term care facility in the nation by July 31st. They examined both our preparations and our response to COVID-19 and found no deficient practices.

Welcome New Hires!

Minneola Healthcare August 2020

Employee Spotlight

The employee has been chosen by random selection.

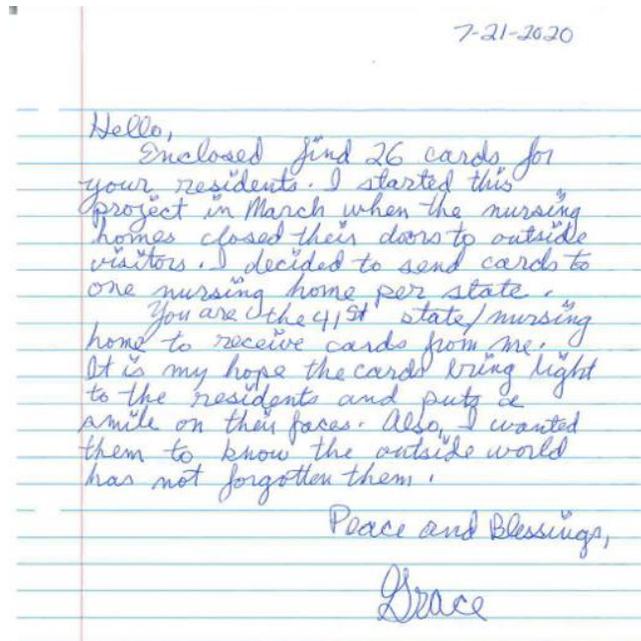

This month's spotlight is shining on Joyce Vantuyl! Joyce works directly with Dr. Anthony Luna as his medical assistant, and she is also the Supervisor of Clinic Nursing. She has been working with Dr. Luna for a total of 26 years! Joyce currently resides in Dodge City with her significant other, Ty. She is overjoyed to have twin grandsons, Hunter and Hudson who will be 2 in September, and she is also expecting a granddaughter in November! When asked about her hobbies, she says she just really enjoys being outside, including going to the lake, and watching horse racing with Ty. Her favorite things about working for MHC are the amazing people she gets to work with every day and taking care of all of the patients that choose MHC! Be sure to tell her hello and thank her for everything she does if you see her!

LTCU Residents Receive Letters

Our LTCU received a letter from a woman named Grace Navarro who lives in Elkton, South Dakota, along with a handmade card with words of encouragement for each one of our residents. She explains in her letter that she picked one nursing home from each state to make cards for and we were the lucky recipients for the state of Kansas.

We know our residents will be blessed to know that someone so far away is praying for them and took the time to send a personal message to each of them. The time she must have spent on each card is rather mind-boggling and makes us want to find a way to pay it forward.

LTCU Residents Receive Letters

Grace ended one of the letters to the residents with this quote:
"You are a very special person. There is only one like you in the whole world. There's never been anyone exactly like you, and there will never be again. Only you. And people can like you exactly as you are."
-Fred Rogers
