November 2020

Dear Loyal Pharmacy Customer,

Thank you for your continued loyalty to Minneola Pharmacy. We are grateful for your business and would like the opportunity to continue to be your pharmacy of choice! As Medicare Part D Open Enrollment continues for 2021 (Oct. 15-Dec. 7), I want to personally reach out and let you know that we are here to help answer any questions about your Medicare prescription benefits. You may receive letters implying you might need to change pharmacies in order to continue to receive Medicare prescription benefits. Please contact us at the pharmacy if you happen to receive such communication. You can and should continue to fill your prescriptions with us. If you have any questions, please contact us at 620-885-4544. We are honored to continue to serve your prescription and pharmacy needs, and we are committed to supporting you during Medicare Part D Open Enrollment and all year long!

Sincerely,

Jan Granados
